

Learning from farmers

Date : May 9, 2017

On 28-30 April ICRISAT participated in the National Trade Fair: Organics and Millets, organised by Govt of Karnataka where Dr Bergvinson interacted with Karnataka Agriculture Minister Mr Krishna Byre Gowda and other stakeholders. Watch Dr David Bergvinson talk about how millets can create economic opportunities for rural communities, entrepreneurs and youth. He also visited Tumkur district in the state and interacted with youth to understand how the science community can support them to be successful entrepreneurs.
